Roland Powell retires from school system

The City of Elba School Board has held a series of meetings during the past week as they proceed with plans to construct a complete new school system.

Tuesday evening the Board voted to accept the resignation/retirement of Roland Powell, Superintendent Lamar Foley told board members that Powell has stated that his outside business ventures were demanding much more of his time since the March 17th flood and felt he needed to devote more time with them.

Last Friday afternoon the Board met with representatives of Bargainer McKee to work out the fees, and other details before the firm began designing the new schools.

The Board also voted to hire Bots & Ray of Troy to complete a survey of the proposed school site.

Board members voted to follow the "Fast-Track" method of building the school, which means work will begin on foundations, etc. while drawings are still being completed on other parts of the facilities. As different phases of the designs are completed, bids will be advertised and work will begin.

Hollis and Spann of Dothan has been named to be the construction managers for the project. The firm has agreed to guarantee the completion date and to bring the project in within the budget. When the drawings are completed, the firm will figure an estimated cost and sign a contract with the Board assurance.

CITY HAS NEW INSURANCE CARRIER

New Brockton council seat is officially declared vacant

The New Brockton City Council's meeting was short and to the point last Monday evening.

Mayor Pro-tem Bud Goodson presided over the meeting in the absence of Mayor Jim Driskell who was in Mobile attending the League of Municipalities Convention.

First order of business was to officially accept the resignation of Councilman Britt Lee which was effective May 15, 1990. By taking this action, the council officially declared a vacancy to exist on the council; therefore, action can now be taken by the council to appoint someone to fill the vacant seat.

Appointment of a councilman must take place at a regularly scheduled city council meeting.

Councilman Goodson stated that this appointment could possibly take place at the June 4 meeting, but it could require more time.

Lou Agler came before the council requesting that two lots on Fitzsimmons Street be cleaned up by the city or someone.

She stated that the lots posed a danger in that they could possibly provide a breeding ground or hiding places for snakes. Also, they are an eyesore to the community.

The council agreed to see that something was done to cleanup the lots.

A request was presented to the council by the Chief that Patrolman Jerry Gilbert be promoted to the rank of Sergeant. He's done a fine job," said Nichols.

The council voted unanimously to promote Gilbert.

City Attorney Joe Sawyer reminded the council that it had the matter of a claim against the city in the amount of \$100,000 which needs to be addressed.

In April, Mrs. Priscilla Hornsby Foster notified the City of New Brockton through her attorney that she was filing claim against the city.

Mrs. Foster claimed alleged police brutality during her arrest several weeks ago.

Sawyer told the council that the city's insurance carrier had been made aware of the existence of the claim; or three, make no response to the claim which in turn, after ninety days, the claim is treated as being denied by the city.

Sawyer's recommendation to the council was that they take action on the claim after discussing the matter in open forum and make it a matter of public record by having it recorded in the meeting minutes.

He, Sawyer, would then notify the city's insurance company and the claimant's attorney of the action taken by the council.

Councilman Charles Cole said, "We need to discuss this matter and act on it as soon as possible and not put it off!"

In a special meeting Saturday, May 19, the council voted unanimously to obtain insurance coverage through a program offered by the Alabama League of Municipalities. The city's present insurance coverage terminates on May 31.

Also, the council voted to give Mayor Driskell the authority to borrow from a local bank the \$12,695.04 needed to pay for the one time capitalization fee to the League.

The city's present insurance carrier is Whittaker-Warren of Enterprise.

In other business, the council agreed to pay the bills which totaled \$1,376.78.

\$24,000 PRESENTED TO SCHOOL

E.H.S. receives large grant from Governor

Governor Guy Hunt awarded a \$24,000 grant Tuesday, May 25, to support the math and science program at Elba High School, which was devastated by the flood in March.

The Governor awarded the money to the school from the state's new teacher industry internship program, which sends math and science teachers around Alabama into industry for special training to allow them to teach students about the special skills needed in today's workplace.

Gov. Hunt's Task Force on Industry Internships for Teachers unanimously recommended the grant from funds left over from the teacher internship program.

Governor Hunt said \$16,000 will buy supplies at Elba High, \$3,500 for media equipment, \$1,000 for library resource books, and \$300 stipends to seven math and science teachers.

"The loss in Elba was great and it is going to take a great effort by the community and the government to get the city back on its feet. The people of the Elba area have been a wonderful inspiration to all of us, and we need to do all we can to help them," Gov. Hunt said at a State House news conference.

The \$24,000 was left over from the teacher industry internship program, which this summer Gov. Hunt has ordered expanded from

the seven counties last year to the entire state. Math and science teachers will spend a six-week internship with an industry.

The program was launched last year at the recommendation of a task force appointed consisting of state officials, Auburn University, the Alabama Council on Economic Education and two science and math teachers," Gov. Hunt said. "I asked the task force to work to enhance the science and math instruction in the state. And that's how the teacher industry internship program got started."

"I am proud that we can offer this grant to Elba today," Gov. Hunt said.

Gov. Hunt was joined by Elba High School math and science teachers who will receive stipends and other support from the grant.

Those attending the news conference included Sue Addison, Mary Cash, Mary King, Rhonda Little, Frances Prior, John Tucker and Gaynes Waters.

"Thanks to all of you for your hard work and we hope this helps," Gov. Hunt told the teachers.

Gov. Hunt last week announced \$510,000 in state and federal grants to Elba and Coffee County to help make up for tax revenues lost because of the shutdown of area businesses, and to put people back to work.

"Hopefully those grants will help Mayor Fred Moore and the county officials continue the vital services in the area," Gov. Hunt said at a news conference Tuesday, May 15.

Governor Hunt also signed into law last month bond issues to support highway and school construction in the flooded areas.

VETERANS TO BE HONORED... A memorial service honoring World War II casualties from Coffee County will be held Saturday, May 26, 1990 at the National Security Veterans Memorial Park located on U.S. Highway 84E in Elba, Alabama. The service will begin at 10:00 a.m. Saturday morning and during the ceremony a plaque will be unveiled containing names of Coffee County's casualties. Everyone is cordially invited to attend this event.

EDITORIAL

BOYCOTT

Boycott is a word we dislike. We detest the picture it conveys up in our mind and the minds of society. The recent call for a boycott of Enterprise merchants offends us for several reasons in addition to the basic idea being offensive. We oppose this method of trying to help the community survive. It is ill advised because Elba folks need Enterprise and frankly Elba folks have never, and will never, heed a call to stop trading where they can get what they want at a price they can afford.

Enterprise businesses and individuals gave unselfishly following our recent flood disaster. They didn't do this with any expectation for "pay". However the least we can do is vent our frustrations in other ways.

Elba businesses don't, didn't and won't offer everything local shoppers desire or need. Our friends in Enterprise do offer many of these things and at fair prices.

Part of the sales tax dollars collected in any Coffee County business is divided with the Elba schools. Those collected elsewhere aren't. With the Elba tax base completely gone for the time being, we surely don't need to cut off our last source of survival funds.

We could be accused of running scared because we solicit advertising in Enterprise. We acknowledge actively seeking business in all neighboring cities, but point out something well known to Elba businesses and other long time readers of this newspaper. We don't shy away from flood waters nor opinions that are opposite those of one or more advertisers. We speak our mind and remain respectful of opposing opinions. Our friends from Enterprise and many other communities spent much money and many hours of their time helping Elba when we were standing in the soup line for a meal. We appreciate them for this help.

We don't like the idea of the Human Resources facility leaving Elba. Nor the other offices the county commissioners so cautiously voted to move to other places. The timing of the moves make it worse. We smart at the thought that several of those voting to move the offices owe their first term in office to the people of Elba. . . . they didn't carry their home district. However these things are not won nor retrieved with harsh words or sticks.

Human Resources is gone . . . for good. We need to rally around this, use it as a springboard to get a larger, more productive industry for Elba. This will also benefit the rest of Coffee County and doesn't offend us at all.

We hope our friends understand the people of Elba are hurting, we are sensitive to anything else washing away and will strike out to preserve the community. It is this very determination which will spell a successful rebuilding of this community.

We will not advocate nor participate in any boycott. We hope to survive, revive and be ready to help someone else when the opportunity presents itself. This feeling is shared by many people in Elba who have made the effort to express their opinions with us.

Michele Cox Is Named New Editor And Publisher Of Atmore Advance

Michele Cox has been named editor and publisher of The Atmore Advance, a twice-weekly newspaper and president of Atmore Newspapers Inc. She assumed her duties on Wednesday of this week.

She replaces Mike Scogin, who was named editor and publisher of The Alice (Texas) Echo News, an affiliate of The Advance. The challenge will be to continue that tradition.

Miss Cox was for two years managing editor of the Franklin County Times in Russellville, AL., the Advance's twice-weekly sister paper in Northwest Alabama. Prior to joining The Times, she worked for the Alexander City Outlook for one year as a reporter.

A 1983 graduate of Elba High School, she was named the top senior student in the English department of Enterprise Junior College in 1984. She earned a B.S. in journalism from the University of Alabama, where she was managing editor of The Crimson White, the school's student newspaper. She also worked for the paper as an advertising sales representative and was editor of the entertainment magazine. "I am de-

PASTOR'S CORNER Larry Powell First Assembly Of God

LESSONS WE LEARN FROM THE FLOOD

The recent flood was a devastating blow to this city and its residents. But, if we will stop for a few moments and consider what happened, I believe there are 5 lessons the Lord will have us to learn.

1. ONLY GOD CONTROLS THE ELEMENTS. Man has been allowed to conquer various diseases, to land on the moon, and to invent electronic equipment that is mind boggling. Yet, we still cannot control nature. The force of the hurricane, the might of the tornado, the shaking of the earthquake, or the waters of a flood should make us realize how weak and frail we really are. When the rains fell on Elba and the waters began to rise, we could do nothing to stop them. The power of nature and the force of the elements are beyond our control.

2. THE TEMPORAL THINGS THAT MEAN SO MUCH CAN BE HERE TODAY AND GONE TOMORROW. Our homes, automobiles, jewelry, hunting equipment, 4 X 4's, pictures, momentos, etc. are only temporal items. We have recently learned that these items truly can be "here today and gone tomorrow". We must learn the true meaning of the words found in Luke 12:23, "...life consists of far more than food and clothes." (TLB)

3. THE MOST IMPORTANT OF OUR TEMPORAL BLESSINGS IS OUR LIFE. It was a miracle! A real miracle! Not one life was lost in the recent flood. You may have heard the stories of the man clinging to the power pole, the lady in the wheel chair with water up to her neck, the man who was in his car as it was swept away, or the two women on the top of the fuel storage tanks, yet all were spared. It could have been worse, much worse. Dozens could have drowned, some could have been swept away, never to have been found. But it did not happen. The most important temporal possession we have - our life - was spared. To God be the glory.

4. HAVING YOUR FAMILY CLOSE IN SIDE THE ARK OF SAFETY IS A SPECIAL BLESSING. God had Noah to build the ark. We in Elba did not have time for such a massive undertaking, so God did it for us. It seems as if the Lord prepared an invisible ark around the residents of our lovely city. And there we were, safe and sound. Not only were our lives spared, so were those of our family members. A miracle! A real miracle! We were all, seemingly, "inside the ark of safety".

5. THE SINGLE MOST IMPORTANT MATTER IN ALL OF LIFE IS TO PREPARE FOR ETERNITY. We could be in eternity now! Our lives could have been lost and our soul and spirit would have had to take up residence in another world. Life after death is a reality! We must all face this reality and make our decision as to which course we will choose. Our possessions are temporal, and so is our current physical body. Therefore we must make a decision concerning the words of the Lord in Deuteronomy 30:15, "See, I have set before thee this day life and good, and death and evil..."

May our answer to this eternal challenge be the words of Joshua, "...but as for me and my house, we will serve the Lord" (Joshua 24:15).

LORI ANNE WEEKS
Miss Weeks To Attend HOBY

Lori Anne Weeks, 16, of Troy, formerly of Elba, has been selected as the 1990 Hugh O'Bryan Youth Foundation South Alabama Leadership Seminar Ambassador from Goshen High School.

Lori, the daughter of L.G. and Laura Weeks, is an honor roll student at Goshen where she is presently a sophomore in the advanced placement program.

Lori was chosen by the faculty and staff at Goshen High School for the outstanding leadership potential she has and has demonstrated in school and community activities, according to the Hugh O'Bryan Youth Foundation, also known as HOBY.

HOBY seeks out, recognizes and rewards leadership in high school sophomores. HOBY thinks its participants "how to think what to think, by working on the theory that, if given the opportunity, every person can advance toward his or her highest goals with a good chance of succeeding."

Lori will attend the HOBY seminar at Faulkner University in Montgomery along with 157 other sophomores being honored from all over the state.

Lori is a member of the Goshen Sr. Beta Club, SADD, JETS (Junior Engineering Club), a member with the Goshen High Band, and will be a varsity cheerleader this fall - her junior year.

Lori is also a second year art student with the Art Instruction School in Minneapolis, Minn. She is earning college credit through the correspondence program. She is also a member of the Hephzibah Baptist Church where she is very active in youth activities.

Elba High School Gets Grant

By Mona Kelley
On May 15, 1990, Governor Guy Hunt presented a \$24,000 grant to the science and math department of Elba High School. The money was awarded to the school from the

state's new Teacher Industry Internship Program. This program sends science and math teachers around the state of Alabama to industry for training to teach about the skills needed in today's workplace. The grant was unanimously recommended from the funds left over from the teachers' internship program. \$16,000 will go to buy supplies at Elba High School, \$3,500 for media equipment, \$1,000 for library resource books, and \$500 stipends to seven math and science teachers.

Food For Thought

By Willie A. Flowers

Entering the new decade we all expected a few changes around the world but none this drastic. For starters we'll name a few that were expected and waited for. They finally let James Brown out of the "pen" and we all know how he felt when he displayed his "I feel good" celebration dance. We expected them to finally capture the Panamanian Strongman General Manuel Antonio Noriega. We expected that the 1990 World Cup would be held in the United States. We expected that the 1990 World Cup would be held in the United States. We expected that the 1990 World Cup would be held in the United States.

O'Yea Bugs Bunny turned 50. So I prefer the ideal youth like Bart Simpson. And who is Vivian Leigh? Now for the least expected things. The Lakers are playing at the Great Western Forum this week, but it won't be on T.V. Maybe Arsenio Hall is bad luck? I know "Do the Right Thing" was overshadowed by some mumbo jumbo about a bat, but Spike Lee makes sense. Why didn't he get a nomination? Besides he's like me he weighs less than 170 pounds. Look out for the Brother! I liked it when everyone hated the Soviet Union, so why is their leader getting soft all of a sudden? I thought boring described George Bush but it's not enough!

Things expected to happen: maybe James Baker will become a Muslim. Maybe the Dodgers will move back to Brooklyn, since they can't beat the A's. Someone needs to tell me why we have a Principal named Mickey and Assistant named Donald. I forgot I won't be here in a few months, so I can tell you why it's funny. Just think, Walt Disney! I expect the Atlanta Braves to get a new manager each year of this new decade. Then they can have a new fan each year. Then last but not least I think Charlie Brown will finally kick the football because Lucy's getting old too. Think about it!

THE NEW 1990-91 VARSITY CHEERLEADER SQUAD has been selected. Mrs. Marsha Oggs is still the sponsor. The squad has six new members. Four of the new members come from the J.V. Squad. The captain is Susan Johnson, with Tonya Bryan and Kristi Oggs as co-captains. The other squad members are: Heather Stinson and Gina Stokes. The varsity cheerleader squad has always had a great year and hopefully 1990-91 will be another one. By Bridget "Bridge" Rogers

THE 1990-91 JUNIOR VARSITY CHEERLEADERS SQUAD has been selected with Mrs. Lynn Cook, sponsor. The captains are Holly Stinson, Indya Lawless, and Molly Mills. The other members are Dee Dee Silar, Kelli Tindol, Destiny Brown, Cary Clark, Elena Strong Emily Crowe, Sasha Kidd, Jill Martin and Anna Stokes. The 1990-91 squad has a lot of new members, but surely with cooperation and hard work they will be one of the best.

TOP TEN

By Chad Tindol & Matt Morrow
This weeks category: Top Ten reasons we ought to be guests on Late Night with David Letterman.

1. So we can play mirror games with shine from Paul Shaeffer's head during commercials.
2. Joan Collins won't.
3. So Chad can compare the gap in his teeth with Dave's.
4. We've never been beaten by Buster Douglas.
5. So Matt can compare his goofy haircut with Dave's.
6. We've tried Stupid Pet Tricks, but people kept wagging.
7. We've never divorced Donald Trump.
8. Neat way to pick up chicks.
9. Dave can join us in making fun of the "Welcome to Elba" signs.
10. Damn it, Rednecks, like us, are just entertaining.

Fabiola Torres & Audi Fudge

Seniors Of The Week

By Phil Boggan
Audi Fudge - is the 18 year old son of Carol A. Fudge. Audi is in Mu Alpha Theta, E-Club, and Spanish Club. His most memorable time at Elba High School was playing in the State Championship football game. Audi plans to attend E. S. J. C. after High School.
Fabiola Torres - is the 18 year old daughter of Manual and Margaria Torres. Fabiola is an exchange student this year and her guardians are Ricky and Kathy Mularz. Fabiola is in the F. B. L. A., F. H. A., Drama Club, Mu Alpha Theta, Interact Club and attends the Elba United Methodist Church. Her most memorable time at Elba High School was being crowned the 1990 Campus Beauty and going to the State Championship football game.

Elba High School's Top Scholars

Chad Tindol

Each year as the final school term comes to an end, senior grade averages are figured to determine class ranking. Out of a class of seventy-nine students, the top two students, traditionally called valedictorian and salutatorian are Melton Chad Tindol and Matthew Morrow.

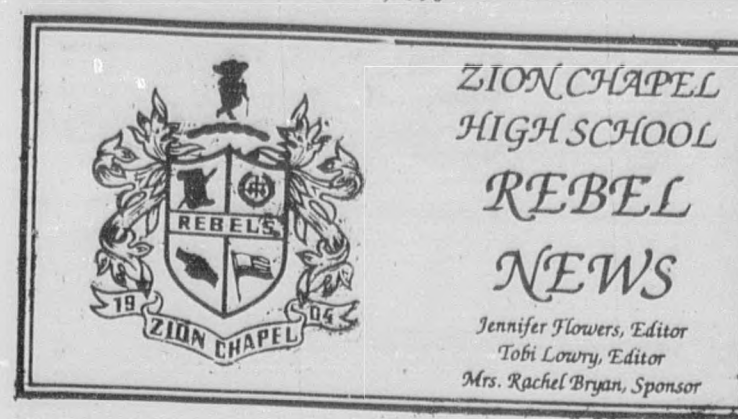

Chad Tindol, the Valedictorian, has already been honored in many ways. The recipient of the Presidential Scholarship from the University of Alabama and the Sesqui-centennial Alumni Honors, also from the University of Alabama. He has also received the National Merit Scholarship and the Coffee County Alumni Scholarship. The seventeen year old son of Jackie and Susan Tindol, Chad is the president of the Senior Class, president of Interact Club and of Mu Alpha Theta.

Matthew Morrow, Salutatorian, has also received the Presidential Scholarship from the University of Alabama. Matthew is the seventeen year old son of Mr. and Mrs. Paul Morrow. Matthew is the Yearbook Editor, and a Beta Club and Mu Alpha Theta officer. He is a member of the First Baptist Church of Elba. Both of these honors are earned through hard work and determination. These students are to be commended. Their past scholastic histories should prompt Elba Clipper readers to watch for future achievements.

Seniors Attend Production Of "Macbeth"

By Melissa Johnson

Mrs. Sonya Shaw's Senior English classes recently attended the Alabama Shakespeare Festival's production of Macbeth. The students were bused to Montgomery by the principal Nelson Whitehurst. He and Mrs. Shaw were the chaperones for the field trip. The students were instructed to dress appropriately for the event.

The seniors had just previously read the play and now how the story involved. The play opened with a noble Scottish general, Macbeth, whom betrayed and murdered his King. Macbeth then carries out more murders in order to keep his stolen kingdom, but is destroyed by the rightful ruler of Scotland.

The students had no complaints about the seats they had. All of the group were seated on the first three rows, at center stage. You couldn't ask for better acoustics. After the performance the students went to eat at Darryl's. A well-known restaurant in Montgomery.

Students Attend ACT Workshop

By Denise Flowers

An American College Testing Program (ACT) Workshop was given recently held for interested juniors and seniors at Zion Chapel High School. In the two-day workshop the students reviewed the English and mathematics part of the ACT. The first day of the workshop Mr. Jack Burkett, an English teacher at Kinston High School, reviewed the English portion of the test. The students took practice tests of the same material that could be on the actual ACT. During the last hour of the day, the students took an actual ACT English test that was used in October of 1989. The test consisted of 75 questions to be answered in 45 minutes. After the test was completed, the students computed a raw score of the test and determined their score on the English part of the practice ACT test.

The second day Mr. Clayton Bryant, Coffee County Superintendent, came to Zion Chapel and reviewed the students for the mathematics part of the exam. He explained the procedure of the actual testing and scoring of the test. Then Mr. Bryant gave the students a practice math test before they took an actual sample test of the ACT.

After the practice tests were given the students took the 60 question, 60 minute sample ACT test. The students then computed their raw score to get their composite score of the math section of the ACT. The students then averaged their math score and their English Score to get an estimate of how they performed on their practice of the ACT.

The students then averaged their math score and their English Score to get an estimate of how they performed on their practice of the ACT.

Reading Class Makes Castle Cake

By Wendy Chancellor

A "Castle Cake" was made by

Mrs. Gale Jackson's reading class. The class wanted to make the cake after reading a story about people long ago who lived in castles. The people made their houses of stone to keep the houses from being burned by their enemies.

The members of the class made the cake out of two sheet cakes. They used one to cut out circle to be used for the castles. They topped the cake with marshmallows, gum drops, coconut, and ice cream cones to make it look like a castle. Members of the class are pictured from left to right: Michael Price, Sarah Crawley, Jessica Godsey, Bobby Giliard, James Boutwell, Kristie Cole, Travis Woods, and Paul Hussy.

All Star Band To Audition At Troy State

By Cateria Rodgers

Seven members of the Zion Chapel Rebel Band will audition for the Troy State University (TSU) All Star Band.

Jennifer Flowers, Camille Haynes, Kacia Griffin, Vanessa Balevere, Randy Jackson, Pamela Langley and Jamie Pittman are all eligible for the TSU All Star Band. For the audition each person will play a piece of music or perform to a piece of music of his/her choice. The piece of music can be no less than sixteen measures. Those who will audition will be audiotaped.

Camille Haynes will perform a march called "King Cotton" arranged by John Phillip Sousa. Her performance will include the introduction to the piece and to the first strand. A strand is the twelve measures of music following the introduction.

Randy Jackson will perform a patriotic march called "Washington Post" also arranged by John Phillip Sousa. His performance will include the introduction to the piece and the first strand.

Jennifer Flowers and Kacia Griffin will perform an overture called "North Star Overture" arranged by John O'Reilly. Jennifer will play the first twenty measures and Kacia the last twenty.

Vanessa Balevere will perform a routine to Janet Jackson's "Nasty Boys". Vanessa is trying for the All Star Colorguard.

The All Star Band will perform in the opening ceremony for the 1990 Alabama Sports Festival in Huntsville, June 18-22. Those attending will be given free room and board. The music for the sports festival is arranged by Mr. Ralph Ford and directed by TSU former Drum Major Charles Foke.

Students Write Acrostic Poetry

By Deena Grant

Learning how to write Acrostic Poetry has been a recent learning activity in the class of Mrs. Melinda Hodge.

In Acrostic Poetry, the first letter of the word of each line spell a word or a phrase when they are read from top to bottom. Once it has been decided what the first letters are going to spell, the beginning of every line has already been written.

Each student took his/her own first name and formed an Acrostic Poem. Here are some examples of their work:

THE PRESSBOX

By Ricky Mularz

The youth baseball leagues in Elba are well into their seasons and the games are highly competitive almost every night. The Cardinals, Mets and Tigers are leading the league, as expected, but the Yankees are also making noise for the first time in years and the Pirates and Astros have proven to be more than a little dangerous. This league will go down to the wire before a champion is crowned.

YOUTH BASEBALL LEAGUES APPEAR SOLID

The youth baseball leagues in Elba are well into their seasons and the games are highly competitive almost every night. The Cardinals, Mets and Tigers are leading the league, as expected, but the Yankees are also making noise for the first time in years and the Pirates and Astros have proven to be more than a little dangerous. This league will go down to the wire before a champion is crowned.

The Babe Ruth League was expected to be a battle for second behind the Dodgers; however, the Dodgers stumped their toe twice last week and are now in a real dogfight with the White Sox and A's. The Dodgers may have the better of the talent, but right now it looks like the Sox and A's have the enthusiasm and the want to. This race will also go down to the last week of the season before a champ is decided.

ELBA'S CHRIS THOMAS SIGNS WITH WALLACE

Elba's Chris Thomas made history last week when he became the first baseball player to sign a baseball scholarship with George C. Wallace Junior College, in Dothan.

Thomas has been an outstanding baseball player since Dixie Youth and in recent years had caught the eyes of college recruiters with his play at first base and at the plate, where he delivered at a .400 clip for three straight years.

Thomas has worked hard to be a good baseball player and has always had the tools to be good, but he was also very fortunate to have a Dad who was willing to give up his free time to practice, and practice and practice to make sure his son could be the very best he could be. Richard Thomas has spent countless hours over the past ten years working with his son during the week and on weekends, and while Richard has missed some games due to his job, he has made it to more than three-fourths and has given up vacation time to follow Chris as he played around the state in Babe Ruth and American Legion ball.

Chris deserves a lot of credit for his ability and is richly deserving of his scholarship; however, Richard also gets a richly deserved pat-on-the-back for his dedication to his son and the sport his son loves. Great job...both of you!!!

IN CLOSING...

The Elba Junior High cheerleaders sponsored a softball tournament last weekend and every single girl and their parents worked hard to make sure the tourney was a success. The cheerleaders raffled off a softball bat and sold chances for weeks (over 250 sold Saturday alone), held a bake sale and stayed at the park until the last pitch had been thrown. It's always nice to see a bunch of kids that are willing to work for some money, and that's what this bunch did. Good job!!!

Padres grab two wins in Slo-Pitch baseball action

The Boys Slo-Pitch Baseball League opened its season last week with the Padres jumping atop the standings with a 2-0 record.

The Braves, Twins, Giants and Royals all follow at 1-1, while the Athletics stand at 0-2.

Following are highlights of last week's action:

BRAVES 19
ATHLETICS 17
The Braves led all the way to outscore the Athletics 19-17. The Braves jumped ahead 8-0 in the second inning and held on for the win.

Neil Grantham, Latoria Thomas, Adam Brunson and Derrick Coleman all got 3 hits for the Braves, while Jimbo Cook, Jessie Reeves and Adam Brunson all added 2.

Charley Windham and Eric Jordan both got 4 hits for the Athletics, while Jason Gully, Jeremy Sanders, Justin Vann and Job Bowers all got 3 and Andrew Jowers and Jeffery Fuller both added 2.

Both Elba players will represent the 15th annual Las Vegas Invitational Basketball Tournament.

Ronald McKinnon and Bennie Daniels, both juniors at Elba High School, were selected for one of the three teams being sent from Alabama that will compete in the National High School Championships at Nevada-Las Vegas.

A total of 52 teams from across the United States, Puerto Rico and the Bahamas will take part in the event, set for July 23-29.

Both Elba players will represent the Alabama Drug Free For Life Basketball League, headquartered in Birmingham.

The Elba Junior Varsity Cheerleaders sponsored a Men's Class C and Below Softball Tournament with the Geneva Independents taking the championship.

The Geneva Independents posted a record of 7-1 to take the title and claimed wins over G & R, of Goshen, 9-6; Rheem, of Greenville, 6-4; Snuff City, of Samson, 9-3; G & R, again, 11-10; Elliott Chevrolet, of Loxley, 14-7; and The Sports Shoppe, of Andalusia, 8-7 and 6-3.

The Sports Shoppe placed second, while Snuff City placed third.

Awards Day Big Event At New Brockton High

The New Brockton Senior Class of 1990 gathered with the student body in Awards Assembly Friday, May 18, and a number of the seniors were honored for accomplishments achieved during the year.

Among those honored were the following: Senior Class Valedictorian Todd Boland with a 96.53 overall grade average who also received a full athletic scholarship to Auburn University, the Bryant Jordan Scholar Athlete Award (State Winner), the Government Award, and the Advanced Math Award; Senior Class Salutatorian Lamar Goosby with a 95.76 overall grade point average who also received the Advanced Science Award, and a scholarship from Wal-Mart; Amy Tindol received the DAR Award and a scholarship to Enterprise State Junior College; Tonia Ramer received the Advanced English Award and a scholarship to Troy State University; Kim Adkison received the Service Award; Laura Lunsford received scholarships from Southeastern Bible College, Troy State University, and the Young Woman of the Year Scholarship; Anne Witmer received an ROTC scholarship from the University of Tampa; Vicki Johnson received a scholarship from the E. L. Gibson Foundation.

Receiving scholarships from Troy University were Tom Sims and Robert Kilow (Football). MacArthur Technical College awarded scholarships to John Mar Herrington, Holly Hamilton, Demetrius Knox, Vanessa Deaton, Johnny Williams, Jason Williams and Myra Hargrove.

Alabama Aviation and Technical College presented scholarships to Daniel Donaldson and Demetrius Knox.

Becky Rego received a scholarship to Enterprise State Junior College.

In his closing remarks, Principal Stanley Walker told those assembled that "this Senior Class of 1990 had truly excelled and should be extremely proud of their accomplishments."

GTE updates service in New Brockton, AL

During the month of May, GTE's New Brockton private line customers will no longer have the operator ask them for their telephone number when placing long distance calls, according to Rex Shriver, district customer service manager.

"Our technicians have made the final equipment changes that allow us to offer automatic number identification (ANI) for long distance calling in the New Brockton (894) exchanges," Shriver said. "This system improvement identifies a customer's long distance call by using new electronic equipment."

ANI pertains to private line customers only; party line customers will still provide the operator their number for long distance calls.

GTE serves 1,239 customers in New Brockton and more than 125,000 customers throughout Alabama.

Teens from Overseas Eager to Share in The American Dream

High school students from Scandinavia, Europe and South America are anxiously waiting to hear from American families that would like to share their home with an exchange student for the 1990/91 school year.

This is a wonderful opportunity to introduce new customs and cultural experiences to your family, school and community.

The students are between 15-18 years of age and are fluent in English. They are fully insured and have their own spending money. They share in household responsibilities and should be included in family activities.

By opening your heart and home to a student, your family will have the rare opportunity to reach across cultural barriers and gain a new understanding of the world. Make your personal contribution to the ultimate goal of world peace by making friends with the world through hosting, one friendship at a time.

Chad Tindol Named "Student Of The Year"

Chad Tindol, a senior at Elba High School, was named "Student of the Year 1990" by WTVY/ Buffalo Rock Pepsi.

Throughout the year WTVY/ Buffalo Rock Pepsi have been choosing students of the week from the Wiregrass area and Chad was selected in March during the week of the "Great Flood."

The criterion for being selected was that each student had to fill out a question/answer type application, submit a written essay and a taped interview. Judges selected a student each week after reviewing the above information on each student.

Throughout the year, a total of twenty students were chosen for the honor of "Student of the Week."

Monday night a banquet honoring those students selected was held at the Ramada Inn in Dothan sponsored by WTVY/ Buffalo Rock Pepsi.

During the proceedings, one of the twenty students attending was honored as "Student of the Year 1990," - that student was Chad Tindol.

Chad, as recipient of this honor, was presented with a plaque and a check for \$1,000!

Other honors received this year by Chad include: Valedictorian of the Senior Class of 1990, President of the Senior Class, President of Mu Alpha Theta, Presidential Scholarship to the University of Alabama, Sesquicentennial Alumni Scholarship to the U of A, National Merit Scholarship to the U of A, and the Coffee County Alumni Scholarship to the U of A.

He also is a member of the annual staff working as a photographer and a member of the FFA String Quartet playing a "mean guitar."

Chad plans to major in business at the University of Alabama where he will begin studies this fall.

When asked what the last two and one-half months have meant to him and his fellow classmates at Elba High, he said, "We've had to do a lot of growing up and we had to do it fast! The flood, as bad as it was and still is, has provided us all with a true learning experience one we shall never forget."

The proud parents of Chad are Susan and Jackey Tindol of Elba, Alabama.

Dear Jimmy:
I want to personally thank you for your assistance to Dorsey Trailers, not only in helping us secure a loan from the Small Business Administration, but also for the many ways you helped us gain an audience with appropriate state and federal officials. Getting through to the right government people was critical to us in expediting the processing of the loan. We are very grateful.
The loan will ensure that we will be able to recover 100% from the effects of the flood. In fact, Dorsey is destined to come back stronger than ever!
We are most appreciative of your enthusiastic and effective support of Dorsey Trailers and of the Elba community.
Yours truly,
Marilyn R. Marks

LETTERS TO THE EDITOR

Mr. Editor,

I think the recent remarks of Coffee County Commissioner Duhose is rather offensive to people throughout Coffee County... not just those in Enterprise. The very idea that he can bring about a "boycott" of Enterprise is rather ridiculous, and uncalled for. Has he forgotten the assistance that the good people of Enterprise Division of Coffee County gave to those unfortunate that suffered great losses during the recent flooding of the area? The desire to give aid to the distressed did not follow any boundaries, real or imaginary... but from a desire to be of assistance to the needy.

Commissioner Duhose's comments have "re-kindled" old jealous feelings that I thought had been "swept under the floor" for the most part. After all we are all bound together, "supposedly" for the benefit of the whole county. Each part needs each other, but if he wants to get technical about things, the Enterprise Division could well operate without the other side of the Pea River... but that is not the desire of most of us.

I am not a politician, nor am I a member of any political party. I choose to vote for the person I think will do the best job for the people, whether he lives in Victoria, Ino, Clintonville, Jack, New Brockton, or Enterprise. What the person stands for, is what I try to ascertain before I give him my vote.

I might add that I could care less where they put the Pensions and Security and similar offices, but think that the agency that is "fooling the bill" should have some "say so" as to where it is located. The finances of Coffee County and the rest of the

state are a matter of concern to all of us. As members of Downtown, Unlimited, the organization of 65 businesses and professional offices in Downtown Enterprise, we regret the suggestion of a commissioner that the people of Elba boycott Enterprise businesses.

We sincerely appreciate our Elba customers. We have deeply regretted the terrible loss sustained by Elba people in the flood and have aided and will continue to aid them in their recovery. We are aware as all county people should be that dollars spent in Enterprise or anywhere else in Coffee County are the tax base for all of our schools and county services.

We encourage Elba people to support Elba merchants first but allow us to continue to supply items not available in Elba.

Sincerely,
Susan B. Russell

Dear Editor,

Another letter to the Clipper. My children claim I just like to see my name in the paper, which really isn't the case.

Anyway, I'd like to relate a heart-warming episode which I witnessed fairly early on a recent Sunday morning. A group of clean-cut, nice-looking boys sweeping the streets of Elba... with push brooms. I know they aren't the only ones who've done that, and much more, for us but I was especially touched because this was almost two months after the flood and perhaps here late-ly we've started thinking that everybody's already moved on and forgotten the flood. You all are in my daily thoughts and prayers.

Most sincerely,

Dear Mr. Cox,

Please renew my subscription to The Elba Clipper before it runs out. Steve swears I live for it each week and he is just about right! I have always loved hearing news from the town that I love and that will always be "home" to me and that feeling has increased greatly since the tragic flood. You all are in my daily thoughts and prayers.

Mr. Editor,

I would like to express like the rest of Elba, I too am upset about everything going to Enterprise. And now I would like to tell you about a job that an Enterprise person received that is to work with the children of Elba this summer. I was told that the extension office wanted somebody from Elba, who knew the children and could do games, art and

Enterprise Business Man Runs For State Representative

In an interview with this newspaper Monday, Max Ellis stated that he decided to run for State Representative of Coffee County because he wanted the opportunity to serve all the people of the county.

Ellis said that he felt that he was fully qualified to represent the people of Coffee County in the State Legislature since he had been in private business for more than 35 years "serving the public."

"One of the most important qualities that a public servant should possess," said Ellis, "is the ability to communicate with people - I feel that I can do this!"

Ellis said that he felt his qualifications include serving people, dealing fairly with them, and being responsible for his actions.

Very often new leadership brings with it fresh ideas and new viewpoints, that is what I want to do," Ellis said.

Ellis feels that Coffee County has many, many good people residing within its boundaries and that much unrealized potential exist throughout

the county. He expressed a desire to help develop this potential and bring about a unified effort of all the county's citizens for rapid growth and prosperity.

A public forum on a regular basis for all the people of the county was one thing that Ellis promised to do if elected. He feels that this would serve as a vital link in keeping the lines of communication open with the "home folk."

Also, he feels that close ties with the city governments of all the towns within the county and with the county commission should be established and lines of communications kept open at all times! They should know what he is doing and he should know what they are doing!

Ellis expressed his opinion to this newspaper that he believed all public officials should be limited to not more than two terms in office. This, he believes, would result in having a continuing influx of new ideas in all branches of government.

In conclusion, Ellis stated that his only desire was to offer himself in service to all the people of Coffee County as their State Representative.

Ed Ray, a Pharmacist from Atmore, Alabama, is running for State Senator, District 31, in the Republican Primary June 5.

Ray resided in Enterprise from 1927 until 1945, but has resided in Atmore for the past several years where he works as a part-time Pharmacist.

He presently is serving on the Alabama State Board of Pharmacy to which he was appointed to a five year term in 1988. Ray is currently the Board's Treasurer.

The Board of Pharmacy governs pharmaceutical practices in that it sets minimum standards, makes rules, and regulations, gives examinations, issues license, certificates, and permits, and holds Administrative Hearings, and enforces the laws.

Ray compares his job on the Board to that of being a State Senator - they both hold the public trust.

"The business of running the State of Alabama is serious business," says Ray, "and I would recognize that responsibility, and work for the best interest of our state, my district, and the taxpayer."

He states that the Senate should be run like a business - It should open on time and close on time!

"This business of passing all bills and all budgets on the last day of a Legislative Session is bad business, is poor politics and I think the people of Alabama deserve better," said Ray. "I would work toward that end. The solution is probably one of communication," he said.

Ray feels that the length of time a person can serve as a State Senator should be limited, maybe to one or two terms. He believes there is no shortage of good qualified and dedicated candidates that would be willing to serve his or her state.

"The State of Alabama faces many challenges in the next four years in all areas," said Ray, "but especially in the areas of health, education, and welfare. My presence would help Alabama."

ELBA:

Your neighbors across Alabama admire your determination to overcome the flood's tragic devastation.

Likewise, Alabama's newspaper family extends richly deserved recognition to The Elba Clipper for its dedication to the people of Elba. The Elba Clipper has served its community faithfully for 93 years. Like an old friend, The Elba Clipper is there, serving its readers, when it is most needed.

The Elba Clipper

Dewayne Pugh relates the details of the rescue that occurred earlier in the day to Elba's Fire Chief Lloyd Driggers. Driggers commended Pugh and others for their heroic efforts which saved the life of a baby girl Thursday morning from a fiery death. They were Good Samaritans indeed!

"THE MAN UPSTAIRS MUST HAVE PUT HER IN MY HANDS"

Good Samaritans join forces to save child

A terrible tragedy was averted last Thursday morning, May 24, when Dewayne Pugh, without thinking about his own personal safety, dove head-first through a window into a burning house.

Pugh, an employee of a roofing contractor, was working on the roof of the R. S. Jones residence Thursday morning when he noticed a house burning approximately 150 to 200 yards down the street.

He climbed down off the roof and ran to see if he could do anything to help. Upon arriving at the scene, he said he heard someone (Mrs. Chandler) saying that a child was still in the burning structure.

When the fire started, Mrs. Sarah Chandler and her five small children, whose ages ranged from five months to five years, were occupants of the house. She thought that she had managed to get all five of the children out before going for help, but after summoning the neighbors, she realized that the youngest, Samantha, was still asleep in the house.

"I went into hysterics, I don't know what I said," Mrs. Chandler said.

At his time when Pugh arrived upon the scene and heard Mrs. Chandler saying that her baby was still in the house.

A neighbor, Don Jones, had already attempted to enter the house, but was overcome by the smoke.

Mrs. Elizabeth Elliott, the next door neighbor to the Chandlers, ran back to her home and got a towel and gave it to Pugh to put over his head before going through the window.

Elba's Fire Chief, Lloyd Driggers, stated that this smart action by Mrs. Elliott probably saved Pugh's life and allowed him to get the child out.

Pugh said, after he went through the window of the room in which the child was thought to be in, that the smoke was so thick that he couldn't see anything.

"I just felt around on the floor, the bed and everywhere until I found the baby," said Pugh. "After I picked up the baby, I just followed the smoke out. I could feel the air going out," he continued.

The man upstairs must have put her in my hands," Pugh stated, "That's all I can figure out."

Chief Driggers later told Pugh just how much danger that he was in when he entered the smoke filled house without a breathing apparatus. "The towel saved your life," said Driggers.

Driggers praised Pugh for his action and Mrs. Elliott's smart thinking which he said "Saved the baby's life!" She was a heartbeat away from certain death," he said.

"I'm just glad the baby is okay. That's all I thought about and all I kept thinking about," Pugh said.

Pugh lives in Opp, Alabama, but is originally from Elba. His mother, Mrs. Fanny Pugh still resides in

Elba. Dewayne, the father of two children, said, "I just did what I had to do. Anybody would have done the same thing!"

Samantha and her three-year-old sister Nicole were admitted to Elba General Hospital where they were treated for some minor scratches, burns and smoke inhalation.

A third child, Timothy, was treated for a burn on his right arm and released.

Joseph, age 5, and Kyle, age 2, were not injured in the incident.

This heroic act by Pugh, smart thinking on the part of Elizabeth Elliott and Don Jones' willingness to act certainly averted a certain tragedy on this date!

MUTUAL SAVINGS SHOWS FAITH!!! Mutual Savings Life Insurance Company showed faith in Elba's ability to recover by repairing their office building located downtown on the square. Officials from the MS's Home Office located in Decatur, Alabama held a reception at their office location last Thursday to formally announce their intentions to rebuild. The Elba facility serves as a district office serving clients in the Elba, Enterprise, New Brockton, Brantley, Opp, Antalasia and Sanson areas. A total of 3 staff managers and 15 agents work out of the Elba office. MS Officials present at the reception are pictured above (L-R): Robert Senn, District Manager from Opp, AL; Don Johnson, President of Mutual Savings from Decatur, AL; Gary Grove, MS Senior Vice-President & Accounting Director from Decatur, AL; and Bobby Outlaw, MS Regional Vice-President from Troy, AL. Refreshments were enjoyed by all those present.

Coffee County Commission's holiday meeting is brief one

The Coffee County Commission conducted business in record time (twenty minutes) Monday, Memorial Day, as they met in regular session in the Enterprise Courthouse.

Coffee County's Extension Agent, Dan Presley, introduced Alana Cain to the commission. Alana will be coordinating the Summer Activities program being implemented in Elba by the County Extension Service.

The program will begin June 11 and is intended to provide a schedule of activities for children and youth ages 6 to 19.

For the younger children, a daily schedule of activities including arts and crafts, storytime and music, recreational games and refreshments.

Older children and youth programs will include classes in wood-working, small engine repair, computer, creative writing, cooking and various other topics. A baby-sitting clinic will prepare the participants for Red Cross Certification in baby-sitting.

Mr. Presley and Alana asked that the word be spread, if anyone is interested in working as a volunteer in the Summer Youth Activities program, please contact the County Extension Service at 894-5596.

Under the heading of old business, bids for pipe and steel piling were opened, but were tabled until the next commission meeting.

County Engineer Mark Pool was out of town and had asked that he be allowed to review the bids when he returned Tuesday.

Submitting bids for pipe were the following companies and their price: J&G Culverts, Fayette, AL, \$28,071.18; Gulf-Atlantic Culvert, Tallahassee, FL, \$27,102.02; Southern Culvert, Pinellas Park, FL, \$30,007.56; Choctaw Culvert, Memphis, TN, \$27,001.75; and Dothan Concrete, Dothan, AL, \$43,986.90.

Bids for supplying steel piling were received from the following: L. B. Foster Co., Birmingham, AL, \$8,750 per ft. - \$8,750.00 total; Sky-

line Steel Corp., Cropwell, AL, \$8.02 per ft. - \$8,020.00 total; Sable Steel, Montgomery, AL, \$8.75 per ft. - \$8,750.00 total; and Syro Steel Co., Girard, OH, \$8.40 per ft. - \$7,392.00 total.

County Administrator Wilson Mobley asked that the news media make it known to the public of a change in voting locations in Districts One and Five.

The changes are as follows: District 5, Beat 17 moved from City Hall to the Army Reserve Center on Mill Ave.; District 1, Beat 6 moved from the Elba National Guard Armory to the Elba Livestock Market building; and District 1, Beat 15

moved into the Zion Chapel High School's gym.

Before adjourning the meeting, Commissioner Darnicus Crittenden reminded the commission that a raise in the Revenue Commissioner's annual salary of \$7,500, one time, and the Probate Judge's salary of \$5,000 per year for the next three years would become effective October 1, 1990.

Crittenden said, "We need to consider how we're going to fund these salary increases."

The Probate Judge's salary is reported at present to be \$40,000 annually and the Revenue Commissioner's salary is reportedly the same.

Two Lyme Disease cases are confirmed

An Elba physician, Dr. Henry Cochran, reported to this newspaper Tuesday that he had treated two confirmed cases of Lyme Disease in the past week.

Dr. Cochran stated that this brings the total to four cases that he has seen since August of 1989.

Lyme Disease can be treated successfully without much discomfort to the patient if it is discovered in time.

Symptoms of the disease include being excessively tired and weak, feeling bad and a rash. If you have any of these symptoms, you should see your family doctor immediately.

Better safe than sorry!

MEMORIAL PLAQUES UNVEILED in special Memorial Services held last Saturday morning to honor World War II Veterans. The plaques are on permanent display in Veterans Memorial Park, on Highway 84 East, near National Security Insurance offices. Each of the sixty Coffee County citizens who gave died while defending their country during that war were honored with both a small flag and a white rose placed near the plaques.
